# FOREWORD

## Title:

Lantern is the archaic form of lantern, a frame enclosing a light. "The Lantern" then is Nazareth Academy—its faculty, its student body, its activities. Its light is Christ.

## Theme:

Ever since its foundation in 1871, Nazareth has had for its motto, "The Lord is my Light," which is the opening verse of the twenty-sixth psalm. We have, therefore, appropriately, we think, taken our school motto as the theme of the 1944 "Lantern." With peace dawning on the horizon, we know that only through the knowledge of and adherence to Christ's teachings will the full and glorious day of peace gladden the war-torn world.

## Cover:

We have chosen our school colors, blue and gold, for the cover of "The Lantern." The school seal, on which is inscribed "Dominus Illuminatio Mea," "The Lord is My Light," is its art motif.

*(Verses taken from Psalm 26)*

The Lord is my light and my salvation, whom shall I fear?

The Lord is the protector of my life: of whom shall I be afraid?

One thing I have asked of the Lord, this will I seek after; that I may dwell in the house of the Lord all the days of my life.

For he hath hidden me in his tabernacle; in the day of evils, he hath protected me in the secret place of his tabernacle.

He hath exalted me upon a rock: and now he hath lifted up my head above my enemies.

I have gone round, and have offered up in his tabernacle a sacrifice of jubilation: I will sing, and recite a psalm to the Lord.

Be thou my helper forsake me not; do not thou despise me, O God my Saviour.

Set me, O Lord, a law in thy way, and guide me in the right path.

## A JUBILEE YEAR

Into the newly created Rochester Diocese in the year 1868, came its first shepherd, the saintly Bishop Bernard J. McQuaid. Under his inspiring leadership churches sprang up, and the foundation for the Christian education of Catholic children was laid. At the time of his arrival in Rochester there was only one Catholic school. This school was for the education of boys who could meet the required tuition. Like the true shepherd he was, Bishop McQuaid loved equally all his sheep, and he set about to establish schools in which the poor also could be taught by religious instructors. Thus, besides high schools for both boys and girls, a seminary for the education of priests, and a normal school for the instruction of religious teachers were founded. At the time of his death every church throughout the diocese that could support one had its parish school.

But the cause of education did not suffer at his death. His successors Archbishop Thomas F. Hickey, Bishop Francis J. O'Hern, Archbishop Edward J. Mooney and our beloved Bishop James E. Kearney, realizing the importance of his work contributed greatly to that which Bishop McQuaid had begun. They, too, have built churches and established schools. Today in our Silver Jubilee Year we have cause for rejoicing. After seventy-five years of continuous progress in the face of hardships and opposition the educational system of the Rochester Diocese is regarded highly by recognized educators. A great part of its success in recent years must be credited to Rev. John M. Duffy, superintendent of schools, and Rev. Charles J. Mahoney, assistant superintendent. Their untiring efforts in searching out better methods for advancement have met with gratifying results.

We at Nazareth realize fully what has been done for us. Besides receiving a thorough training in secular education, we have learned that such knowledge avails nothing unless it is accompanied by the knowledge and love of God. We appreciate all that has been given to us by our bishops, our pastors, our teachers, and our parents in the excellent educational system that they have helped to build up. In a special way we are also grateful to Dr. Maynard Connell of St. Bernard's Seminary. Every first Friday he comes to Nazareth that we may receive the Lord, our Light, in Holy Communion and visit Him in the exposition of the Blessed Sacrament in the chapel throughout the entire day.

We know that the spirit of Bishop McQuaid will live on in the diocese that he loved so well, guiding the educators to the attainment of those great things of which he dreamed, but which no one lifetime, however long, could accomplish.

## CLUBS

In our clubs we learn that only when the laws of man are in accord with those of God can any organization endure for good.

Many of the clubs this year have been engaged in war projects—the History Club in acquainting us with different factors which influence our life: the immigrant, our South American neighbors and the Bill of Rights; the Commercial Club in supplying willing workers at rationing and draft boards; the Home Economics Club in teaching us the value of good food as a basis of good health; the French and Italian Clubs in keeping alive the spirit of their war-ravaged countries and even materially aiding them; and finally the Science Clubs in showing us the importance of healthy bodies and the value of education for victory.

## THE LANTHORN STAFF

Many happy days have been spent recording the happenings of our senior year, but happier days are to come when in later years we turn the pages of “The Gabriel” and “The Lanthorn” and recall those with whom we associated and the things we did in our senior year, 1944.

Closing Exercises at Nazareth Academy affords a most beautiful sight. It is the grand finale of four delightful years. But if the years allotted to us at Nazareth are spent, her influence will last throughout the years, helping us to adjust ourselves to the demands of a post-war world and to reach even beyond all earthly horizons a beautiful kingdom that knows no end.

#### A Nazareth Graduation

Alice Rutan, Salutatorian, and Jane Marie Jones, Valedictorian, of the Class of 1944, will appear before as lovely a group as the one pictured above.

NO INFLATION HERE

IN THESE WAR DAYS when the price of practically everything used in the home has risen the electric power companies of the country can point with pride to their achievement in holding cost to the consumer down to pre-war levels. They have done this without government aid of any kind . . . in fact they contribute about 24 cents out of every dollar they take in to local, state and federal governments in the form of taxes. One thing those who are fighting the threat of inflation do not have to worry about is the cost of electric service.
