EUROPEAN PLAN ONLY

Portland, Oregon, April 19 1906

My dear family

~~This morn~~ I arrived here  
this morning, having left  
San Francisco about 9 hours  
before the earth quake. I have  
been with Blinn all day  
I am going to stop at the  
same house with her. The people  
here are very excited over  
the great calamity. Many of  
them having near relatives  
living there also business  
interests. I hope the reports  
are exaggerated if true. It is  
terrible. I received the letter  
written on the 11th I was glad to  
have later news from home  
I am not decided as to the length  
of time I will stay here I may  
have to change my plans on

the return as I intended  
stopping about 10 days in  
and about frisco. but all that  
is off. to day that Elino was  
delighted to see me would be  
putting it mildly

My love to all

Wm Gleason
