

RECRUIT TRAINING COMMAND
U. S. NAVAL TRAINING CENTER
BAINBRIDGE, MARYLAND

Dear Mr. and Mrs. Conole,

Your daughter has arrived at this command for basic Recruit Training. We realize that this will be a period of indoctrination and provide each Recruit with careful discipline and congenial work in healthful surroundings in order to ease that transition and make her more useful to herself and to the Navy. In addition, every effort is made to care for her physical, mental and moral welfare.

Upon the satisfactory completion of Recruit Training each recruit is listed for assignment to a duty station or, if found especially qualified, to a course in a service school after completion of which she is assigned to a duty station.

We know that frequent and cheerful letters from home are of great benefit. These letters are the best means of encouraging her in her training, and stimulate her to write frequent letters home. Prompt delivery of mail will result if addressed to her as follows:

Name Irene M. Conole, SR, USN Service No. 236 26 28
Company 77, (W), Recruit Training (W)
U. S. Naval Training Center
Bainbridge, Maryland

Should you desire to make any inquiry or for any reason wish to communicate with the Commanding Officer, please address mail as follows:

Commanding Officer, Recruit Training Command
U. S. Naval Training Center
Bainbridge, Maryland

SR Conole will be eligible to receive visitors on the following dates: 25, 26 October 1952, and again on the Graduation Review weekend. Except in emergency cases, the Recruit will be allowed to receive visitors only on the above dates. Visiting hours for Recruits are from 1 PM to 5 PM on Saturdays and Sundays, at Building 303 on the Center. Visitors for Recruits in Training will be limited to members of the immediate family and close friends, who have completed the enclosed Visitors Pass and returned same 10 days in advance to Recruit Training (W) Receptionist in Building 308 as directed on enclosed pass. You are advised against coming without first sending us notification of your intended visit, and unless the Recruit is eligible to receive visitors. Frequently families come great distances to visit Recruits and, upon arrival, find that the Recruit they desire to see is on duty, and consequently is not allowed to receive visitors. Such instances can be avoided by making your arrangements sufficiently in advance.

Sincerely yours,

Virginia K. McKinley
