

Anti-~~food~~ Trust Conspiracy -

Let me call your attention to the fact that

~~Since~~ the biggest monopoly - the grossest trust of the world is ~~that of~~ man's conspiracy to govern women without ~~their~~ ^{asking them to give a} ~~consent~~ ^{permissible} ~~consent~~, withhold their consent, ~~from~~ ^{to} the laws, ~~the~~ law makers, or law enforcers! While ~~the~~ codes of constitutions thus empower men to hold women in subjection, to control their work & wages & in marriage to legally own the proceeds of the labor of their wives - the logical sequence must be that whenever an individual man, or ~~a~~ ^{a set} of men can outwit one or many ~~women~~ ^{of their own sex}, and subvert ^{the} profits of their victims, to their own selfish greed, they will do it, and with just as little ^{compunction} of conscience as if they were women of ~~the~~ men.

is because of her disfranchisement;
And not because of her sex.

Therefore resolved - that we urge upon
all the ~~members~~ of all the
organizations of our General Federation
of Labor to make of themselves a
balance of power within their own
political parties to secure the elimination
of the word "male" from the Suffrage
clause of their several State Constitutions.
