Dear Anna Damm

Susan B. said
she had sent Mrs Harper's
letter to you & given you
the news in general -

Miss Mills came here last
Saturday & remained until
Monday P.M. Sunday P.M.
was a regular reception,
Mrs Greenleaf, Hollowell,
Willis, Anthony Mosher, and
others, so no reading nor
writing - Wednesday, I went
to Hilton with the three Misses
Anthony & Miss ^{maria} Anthony, to eat
strawberries, short-cake - chicken
- fixings &c - it was a delightful

day, and a pleasant time
but rather cool - beautiful
weather yet for attic work -

Sessie "catches on" very
well - Brother Daniel spent
yesterday with us, and Sessie
did the dinner - all good
enough for any body, the King
& Mrs Harper included -

I suppose Jennie is
leaving for the west this morning
in anticipation of the lovely
future, like most young people -

Would that all could
realize such anticipations to
the fullest extent - Susan B
seems about as before her visit
east - How does your father
& mother feel about their two girls
leaving them? Please remember me to them,
Very truly - Mary S. Anthony
