Dear Anna + Maggie

I arrived here yesterday at 1.40 - Mercury at 90° in the shade. after a week of about 60° or less in Duluth. with such cold winds that we were hardly comfortable when out driving. with all the big fur ^{coats} and winter fixings we could muster - so you see the change was rather sudden -

After a good wash. change of linen. and leaving off the under rigging. putting on the thin white skirt, the best silk dress skirt. with the light striped silk waist. I was ready to go with the others to D.R. junior's to a 6.30 dinner - Broiled quail. new potatoes. asparagus on toast. first course - lettuce, tomatoes. cucumbers with mayonaise dressing. for salad - 2^d course - Strawberry short-cake with whipped cream, & coffee. 3^d course,

all very nice indeed, but as always with me, I should have enjoyed just any one course full as well, if not better - If one must do so much in such hot weather, it must, in a measure detract more or less from the pleasure of having their friends come to see them -

But - we had a very pleasant time, and this Friday is started in for an equally hot one but without my under wear, & with my new mushie shirt waist. I shall be comparatively comfortable - Susan B. will go to Gt Scott this afternoon, back Monday, & I now intend to start for home Tuesday, getting home in time for the basket-picnic, Thursday the 20th at Mrs Ronnell's the "Warner Castle" place nearly opposite Mt. Hope entrance - I think I ought to be there, still, while I am so near my friends. I may decide to go with Susan B. to Geneva Lake, & so not be home until the following week - I cannot see

why Nellie should be so summarily dismissed, not giving her the opportunity to find another place, not quite a fair proceeding, without some good reason. However she will have little trouble in finding another good place & keeping it, if she "acts well her part" -
With love to all - Cooks & Servants included
