ROBT. P. MURPHY.

NEAR EXECUTIVE MANSION &

OPPOSITE U. S. TREASURY.

Washington, D. C. Feb 11 1898

Dear Anna Dorn

When this reaches  
no. 17. you will be the  
home keeper - and I  
am sure - a very nice  
and careful one, too,  
- The fires & the lamps  
are always the great  
dangers - If you  
are having such long  
bright days as we are  
enjoying here - you will  
need to run the furnace  
just as low as you  
can and not let the  
fire go out -

So keep your eyes  
open - and be the  
real house - keeper  
while sister Mary  
is gone - I hope  
this lonesome weather  
will last all through  
next week -

Truly yours

Susan B. Anthony
